

**LONDON AND PROVINCIAL COLLIE CLUB
OPEN SHOW
FEBRUARY 2015**

ROUGH COLLIE CRITIQUE

It has been four years since I last judged, and due to ill health have not been to many shows in the last three years, and most of the exhibits were new to me.

Thank you all for a super entry, I do have a few observations. What has happened to the almond shaped eye that gives us the wonderful expression? So many today had either large round eyes or piggy eyes. Movement - so many throwing a right back leg out? Dirty teeth - no excuse. Finally, what has happened to the size, or lack of it, and substance?

Veteran Dog

1. Damos Diamond Legend
2. Chantique Simply Smashing with Rusforth
3. Elsamos Soul Star

Three lovely boys, all having lovely moulded faces, good bone and moving well. Second I have given honours to before, sadly he had other things on his mind today. The tri took veteran dog on his overall composure.

Minor Puppy Dog

1. Lizmark Centurion - Golden Sable boy who needs to fill out in foreface, nice body and shape, lovely long tail, as did all this exhibitors dogs, eye could ahve been a better shape. Moved ok.

2. Master Eragon of Darahill - a lovely sized puppy in full well groomed coat. Lovely length of head and strong muzzle. Well off for bone, movement needs to tighten up.

well.
